

SAFE, EFFICIENT AND RELIABLE

Railcar Cleaning

Platinum Solutions Ltd. (PSL) provides comprehensive mobile railcar cleaning services across Canada, designed to minimize downtime, reduce logistics costs, and keep your fleet fully compliant. Our experienced crews deliver both internal and external cleaning for all commodity types, including hazardous and non-hazardous products.

With our Kosher Certification, PSL is also approved to clean railcars used for kosher vegetable oils and food-grade products, ensuring compliance with strict industry standards.

Key Services

- **Internal Railcar Washing:** Steam and high-pressure cleaning for tanks, hoppers, and specialty cars.
- **External Railcar Washing:** Full surface cleaning to remove residue, dust, and contaminants.
- **Kosher Certified Cleaning:** Fully compliant for food-grade and vegetable oil railcars.
- **On-Site Mobile Service:** Cleaning performed at customer sidings, terminals, or storage yards.
- **Environmental & Safety Compliance:** Adheres to AAR, Transport Canada, and local environmental standards.

Key Benefits

- ✓ Minimized fleet downtime and shop delays.
- ✓ Reduced transportation and handling costs.
- ✓ Enhanced safety and environmental compliance.
- ✓ Certified processes for sensitive and food-grade products.
- ✓ Nationwide service with rapid mobilization.
